

Park Inn Hotel Madinah

Location: Madinah, The Kingdom of Saudi Arabia

Year: 2019

Status: Detail Design

Program: Hotel

The guestroom will have a warm, sophisticated, contemporary ambience. The ID will follow the guidelines of the hotel, combined with dark accent walls, and wooden furniture with metal frames creating an elegant industrial twist. Texture concrete and wall illumination will create a calm fresh atmosphere. A warm sophisticated industrial ambience will characterize the lift lobbies and the corridors. The entrance of the guestroom will be in a niche, while half arches will mark them along the corridors.

The communal areas will have a sophisticated upbeat ambience. There will be a variety of seating zones with different loose furniture creating cozy and welcoming environment. The main lobby of the hotel, as a transition area, will have an inviting and connecting ambience between the city and the hotel areas. The overlapping half arch will be the interface and the main inspiration of the design.
